October 2007 Monthly (9/1/07-9/30/07)

Please be advised that we did not use any of our employees for 25% or more of thier time for the 5th district federal campaign during these time frames. The campaign in question supported itself. Our participation was minimal we really only provided voter lists and volunteers during this time frame. We did disclose payments to employees on the November report which was the time our employees got involved..

Should you have any further questions or ocncerns please contact us.

Sincerely,  
Terri Matthews Controller
